

RX CLEAR

Transparent Permanent Rust and Corrosion Protection

Multi-Purpose

Automotive

Industrial

Construction

Mining

Marine

“...a breakthrough in RUST PROTECTION”

20L

300g Aerosol

- ◆ Forms a strong, flexible, transparent protective coating.
- ◆ Very little preparation required.
- ◆ Standard use as a stand-alone protective coating, no painting required.
- ◆ Also suited as a protective coating over painted surfaces.
- ◆ Can also be applied to bare metal as a paint primer.
- ◆ Ideal for automotive, industrial, marine and general use.
- ◆ Non-conducting.
- ◆ Long-Term protection.
- ◆ Will dramatically reduce corrosion from electrolysis

ENDRUST RX CLEAR is a major breakthrough in rust and corrosion protection.

RX CLEAR provides long term protection in many applications under the harshest conditions.

Ideal in corrosive and aggressive industrial environments including:

- Cars/Trucks/Buses
- Construction Equip
- Power Stations
- Oil and Gas Rigs
- Metal Roof
- Cranes
- Marine Equipment
- Mining Equipment
- Fertiliser Plants
- Bridges
- Salt Mining Equipment
- Offshore Facilities
